Electric Appliances

MIDEA GROUP

Founded in 1968, Midea is renowned as a sizeable conglomerate that specializes in the manufacturing of household appliances and sets foot in relevant fields of real estates and logistics. It has 3 public listing subsidiaries and 4 industrial groups. It is now one of the largest white household appliance production bases and export bases in China.

Today, Midea Group has up to 100,000 employees and owns over ten famous brands in various industries, namely Midea and Welling etc. Apart from its headquarter in Shunde District, Foshan City, Guangdong Province, P. R. China, the Group has established production bases scattered in Guangzhou, Zhongshan etc. The production base in Pingyang, Vietnam mainly produces air-conditioner and small household appliance. Possessing an extensive marketing network spreading all over China, the Group also has established twenty-one overseas branch subsidiaries in countries and areas such as U.S.A, Germany etc.

Currently, Midea holds the largest and most complete production chains for air-conditioner, microwave oven, small home appliances and kitchen utensil groups in China. Its core products include residential AC, commercial AC, large-scale central AC, washing machine, electric cooker, refrigerator, water dispenser, microwave oven, dish washer, induction cooker, electric fan, electric warmer, water heater, kitchen range, range hood, sterilizing cabinet, electric oven, vacuum cleaner, small household appliances and other household appliance products, as well as other supporting products, such as compressor, electric motor, magnetron and transformer.

In 2008, sales revenue of Midea reached RMB 80 billion, of which export sales was USD 3.72 billion. In the assessment of China's Most Valuable Brands 2007, brand value of Midea ranks No. 7 by surging to RMB 37.83 billion.

In 2010, Midea will strive to become the most valuable brand of home appliances of China and an internationalized consumer electrical appliances manufacturing super giant and ascend before the 5th of white household appliance suppliers in the world, with record-breaking sales revenue of RMB 120 billion.

VANWARD GROUP

Guangdong VANWARD Group Co., Ltd. was founded in August 1993, whose headquarter is located at the center of Pearl River Delta—Shunde District, Foshan City. VANWARD is a manufacturing company mainly engaging in gas water heaters, gas stoves, wall-mounted gas boilers etc., which is the largest gas-activated appliances company in China. VANWARD also produces electric water heaters, sterilizing cupboards, cooker hoods etc., and some other gas products relating to kitchen appliances. VANWARD occupies one million square meters, six large-scale production bases in China. Approved by the National Technology Association, VANWARD is one of the best high-technology companies in the State Torch Program. At present, VANWARD owns three companies, three holding companies, two sharing companies, nearly 5000 staff, and RMB 1 billion fixed assets.

VANWARD has been the champions in continuously last five years in the water heaters market share in China, and gas barbecue export scale is the first place in this area. Sterilizing cupboards have been always in the first two places in last ten years. The possessive ratios of electric water heaters, gas stoves and cooker hoods are also at the top rank in these fields.

In these more than ten years, VANWARD achieves lots of awards, for example: VANWARD's gas water heaters and gas stoves are in the earliest companies to pass CGC approval in China (gas-activated Certificate). Gas stoves get the honor of the Famous Brand of Guangdong; sterilizing cupboards become the exclusive brand included in the Healthy Golden Bridge Project which is granted by China Preventive Medicine Association. VANWARD's gas water heaters, electric water heaters and sterilizing cupboards, these three products are approved as China Top Brand. Brand "VANWARD" achieve China Well-known Brand from the State Administration for Industry and Commerce. VANWARD GROUP is elected as Director Unit of China Hardware Products Association Gas Appliances Branch and the Vice-Chairman Unit of China Quality Association. In June 2007, VANWARD has been chosen as the exclusive Partner of Aerospace China in this business and VANWARD gas appliances,

electric water heaters, sterilizing cupboards, cooker hoods are appointed as the Products of Aerospace China.

VANWARD's products are sold to Occident Countries and South-east Asian Market, such as USA, Canada and Singapore etc. In the recent two years, VANWARD goes up by 200% annually in the international market, and has steady cooperation with some overseas companies to build up strategic relationship.
